Everyone has special interests. Tapping into a child's interest while they create can produce great art. The instructor can also provide objects to paint and draw if the student is not able to bring objects.

Please wear clothes you don't mind getting paint on.

Please call ahead if you can't make a lesson and Scott will provide a make up lesson.

All supplies included.

Providing Depth in Your Art: Drawing, Painting or Both for Adults

Scott McRae

Session 1: September 8, 25, October 2, 9

Session 2: October 23, 30, November 6, 13

One key to creating artwork that draws your eye into a picture is to become familiar with opposites. For example, comparing colors opposite on the color wheel adds interest and zing to the paintings. When using pencil or paint, you will learn in this class to use darks and lights. Colors that are next to each other on the color wheel create calmness in what you paint. There is big, little, heavy and light and all kinds of ways you can show depth in your painting. With the instructor's help, the student will explore which opposite works best for them.

Supplies provided by instructor. Materials we may explore are: acrylic paints, charcoal drawing, watercolor, oil pastel, chalk pastel or any other medium you would like to try. Once the student finds a medium they like, they are encouraged to buy that medium and what goes with it. Please call ahead if you can't make a lesson and Scott will provide a make up lesson.
